Minutes of June 16, 2021, July 21, 2021 and August 18, 2021 were approved with minor edits.

The draft of the Proposed Town Firewood Production and Sales Law that was submitted by Wayne Childs was reviewed. The Board was in agreement with the proposal as written, but still has to decide if appropriate screening from residential property should be included.

The draft of the of the Village updated Sign Law that was submitted by Wayne Childs was reviewed. The current code allows two signs which is consistent with many villages in Livingston County, but Board members were asked to look at signage in Honeoye Falls where three signs are allowed. Fuel/Service Station signage will need further discussion. Further discussion may be need on "Open" Flag signs as well.

Planned Development – Entertainment District: The Board was presented with a copy of the letter from the Livingston County Economic Development Director and the letter from the Living County Planning Board including their Staff Notes. As this information was new to the Board, the Chairman asked members to review the proposed law in light of these new materials and be prepared for an in-depth discussion of this proposal at our October meeting. The Chairman said that he was waiting for a response from the New York Planning Federation regarding this proposed law as well.

Respectfully Submitted,

George Gotcsik, Chairman
